

## Mount Pleasant Sportsplex COVID-19 Facility Protocol

Mount Pleasant Sportsplex is committed to providing a safe environment for patrons and staff. These protocols may change and be updated to ensure that Mount Pleasant Sportsplex maintains facility safety.

- Anyone showing symptoms of fever, new cough, shortness of breath, sore throat or runny nose are **NOT** to enter the facility and are encouraged to take the My Health Alberta self-assessment test to see if they should be tested for COVID-19.
- Masks **MUST** be worn in all public areas as per The City of Calgary Bylaw 26M2020.
- Arrive **no earlier than 20 minutes** before the booking time and exit the facility **no more than 20 minutes** after the ice time.
- We encourage bringing water with you, as the facility water fountains have been shut off.
- We are encouraging showering at home rather than at the facility. We will allow cohort group shower access especially for bookings which include persons going to work after ice times. Staff will disinfect showers between usage.
- Spitting is **not allowed** anywhere in the facility.
- Players must exit the ice surface by the end of the booking time to allow staff time to complete additional cleaning procedures.
- Follow directional signage for entering and exiting the facility.
- Hand sanitizer will be supplied at the entrance and the exits of the facility. Please use them.
- Non-cohort groups must socially distance throughout the facility and abide by the current stage government protocols.
- Non-cohort groups must arrive to the facility fully dressed, as dressing rooms will not be supplied.
- We are encouraging to drop off children for their ice times; if you must stay, you must wear a mask, maintain social distancing and limit it to one family member. Do not bring young children in to watch. Please abide by these guidelines as the spectating area is limited.
- All drop-in programs have been cancelled until further notice.
