

COVID – 19 PROCEDURES

The Oakridge Community Association (**OCA**) has implemented the following COVID-19 procedures for all groups to adhere to while using the **Oakridge Community Association** facilities.

Upon signing the necessary waiver, you are releasing the OCA, Board of Directors and its employees from any liability due to COVID – 19. Responsibility falls upon each person and each rental representative who enters the facility to follow AHS guidelines and the procedures outlined below.

We ask that you pass on this information to your participants for their review and understanding of the increased risk they are assuming when they enter our facilities and that they do so at their own risk.

OCA has implemented, to the best of our ability, the recommendations outlined by AHS to maintain safe operations. Additional cleaning protocols are in place and will be rigorously followed by all staff. All staff will be wearing masks to help prevent the spread of Covid-19.

Each team must have a Team Representative at every ice time who is responsible for ensuring all COVID-19 guidelines are followed. This Team Representative will fill out an AHS screening checklist for each participant and keep them on file for 2 weeks in case contact tracing should become necessary by AHS.

If any symptoms are present, do not let participant enter the facility.

Symptoms include, but are not limited to, fever, new onset of cough or worsening chronic cough, new or worsening shortness of breath, difficulty breathing, sore throat, runny nose, chills, painful swallowing, stuffy nose, headache, muscle/joint ache, feeling of general unwellness, fatigue, nausea, vomiting, diarrhea, unexplained loss of appetite, loss of sense of smell or taste, conjunctivitis (pink eye).

The OCA recommends that all facility users download the AB Trace Together app. This app may help Albertan's if they have been in contact with someone with COVID-19.

OCA PROCEDURES AND GUIDELINES WHILE USING THE FACILITY

Please insure you or your Representative are following these Guidelines during your facility booking.

- When entering the facility, please use the front main doors, when exiting, please use the back doors closest to the outdoor rink.
- The City of Calgary has mandated the use of face masks when you are entering, leaving and in the dressing room of our facility.
- **Access to the facility will be 10 minutes prior to your ice booking.**
- **Limit of 30 participants per ice slot.**
- All participants **MUST** come dressed in their on ice gear. Dressing rooms will be assigned 2 per ice slot, however, there is limited space available while observing social distancing. Dressing Rooms will be available for skate tying and washroom use only. No showers will be allowed.
- Participants must NOT dress in the hallways and foyers. Additional space may be utilized in the front Foyer for skate tying purposes should this be necessary. The City of Calgary has mandated that participants wear masks while in the dressing room space. **Participants must remain in the dressing room until notified by the coach or representative that they should proceed to either the ice surface or to exit the building. A supervisor should be assigned to each dressing room to monitor participants as to social distancing, horseplay and roughhousing.**
- Spectators will be limited to one per participant, social distancing is required. Masks are mandated and gloves are recommended by AHS.
- The lobby drinking fountain will not be available. Please insure that each participant has and uses their own water bottle.

Discuss with all participants prior to entering the facility that things have changed. If we want the season to progress these changes need to be taken seriously to avoid additional restrictions or future facility shutdowns.
